WJC Academic Program

WJC is a short-term study abroad program designed to provide a unique educational experience focusing on Japanese culture. Students can choose to attend the program either for one semester or for a full year. The curriculum for the Fall Semester (September-February) focuses more on Japanese contemporary culture, while the Spring Semester (April-August) offers more subjects relating to Japanese traditional culture. Japanese language classes are offered at various levels, and students can take the classes appropriate for their level.

Various excursions and events such as field-study trips, special lectures by guest speakers, and symposia are organized. The Japanese student buddy program called JD-Mates will provide WJC students the support they need to settle into life at Fukuoka Women's University (FWU) and also opportunities to socialize with FWU students.

FWU offers scholarships to some exchange students from partner universities based on each university's exchange agreement.
